**June 2005 - Early Action Compact Progress Report**  
**Georgetown County**

1. In an effort to keep our contact information updated; please provide the following information for your county:

	Name	Telephone	E-mail Address
Administrator/Manager	Thomas W. Edwards, Jr.	843-545-3006	administrator@georgetowncountysc.org
EAC contact	Holley Causey	843-545-1535	hcausey@georgetowncountysc.org

2. Please complete the attached Ozone Awareness Week checklist so that we will know which activities you did to promote awareness.

3. List any progress (if applicable) since your December 2004 submittal? (stakeholder meetings, events held; special projects, fleet Changes, Energy Star products purchased, Tree City USA, TABFTE, etc.)

Georgetown County celebrated Ozone Awareness Week by distributing "Spare the Air" flyers to department employees. This flyer contained simple tasks employees could perform to improve air quality and a crossword puzzle. Two newspaper ads were placed in local newspapers to encourage citizens to drive less, drive smart, and save energy. Links have also been added to our county web page to increase citizen's awareness of the ozone. Posters obtained from the Bureau of Air Quality were hung in main offices of the department. During the New Employee Orientation, employees were taught various ways to improve air quality. Georgetown County Council proclaimed March 28 through April 1 as Ozone Awareness Week.

4. Do you have any plans to implement additional strategies and/or education and outreach activities during the 2005 ozone season? (It's not too late to use Ozone Awareness Week ideas!)

Georgetown County will continue to e-mail employees during Ozone Action Days and place ozone awareness articles in the county newsletter.

5. Do you have any requests for specific assistance from the Department and/or the EPA?

None
